

Around 300 people welcomed in the new swimming season at Mayfield Swimming Pool on Saturday, September 25.

A community picnic in the pool's grounds saw families having a splash and soaking up the sunny weather.

People of all ages enjoyed the day, from new babies through to grandparents.

Save Mayfield Pool group spokesman Liam Phelan said the pool's solar heating made the water a comfortable temperature.

"Mayfield Swimming Pool is a fabulous community asset," Mr Phelan said. "The turnout on Saturday showed how well-loved the pool is."
